To Our Shareholders June 30, 2020

I am very pleased to report that Oregon Bancorp, Inc. (Company) completed another successful quarter and is reporting new record totals for earnings, deposits and commercial and residential lending as of June 30, 2020.

Quarterly earnings reached \$7,504,322, an increase of 4,151,585, or 124%, from the second quarter of 2019. This results in a quarterly return on average assets of 9.07% and a quarterly return on average equity of 73.01%.

Customer deposit totals increased \$29 million, or 19%, during the quarter. These deposits were used to fund significant increases in commercial and residential loans during the quarter. Commercial loans increased \$42 million, or 22%, during the quarter. Part of this growth is related to the Company's participation in the Paycheck Protection Program established under the CARES Act. During the year we have helped over 220 businesses and distributed \$25 million in funding to help keep companies in business and retain jobs for approximately 2,974 employees.

Residential mortgage lending increased from \$245 million during the second quarter of 2019 to \$430 million during the second quarter of 2020. We are proud to have helped 1,605 households during the quarter either purchase their dream home or lower their mortgage payments by refinancing their existing home loan.

The Board of Directors declared a \$0.11 per share quarterly dividend that was paid July 15, 2020. Capital growth through retained earnings continued as our Tier 1 capital ratio remains strong at 12.66%.
